

2024 CARE Sustainability in a Changing Climate Case Competition

Made possible by funding from the Fondation DRG, the first CARE Sustainability in a Changing Climate Case Competition will take place on **Friday, November 15th from 5pm to 10pm (CET)**. This virtual case competition is hosted by the **Munk School at the University of Toronto**. Teams from all four CARE partner institutions are invited to participate. **Between November 4th and 14th, teams of 3-5 graduate students** will be asked to develop comprehensive policy solutions to address a case challenge related to the CARE core themes of environmental sustainability, climate change, biodiversity and/or energy transitions.

On the day of the event, teams will virtually present to a panel of judges drawn from public and private sectors, as well as faculty at the four institutions. The winning team will receive a prize of 500 euros and will have their policy solution published on the CARE and Munk School websites.

Apply (individually or as a group of 3-5 students) by October 15th to be part of a PSIA Team
